FOR IMMEDIATE RELEASE

CONTACTS: **Matt E. Hartzler**, Vice President Strategic Planning & Physician Services
Longmont United Hospital, 303-651-5026(direct) or e-mail mhartzler@luhcares.org.

**Breast Imaging Center of Excellence
Received By United Imaging Center**

(Longmont, CO.) The American College of Radiology (ACR) recognizes United Imaging Center, a service of Longmont United Hospital, as a Breast Imaging Center of Excellence. This designation recognizes the United Imaging Center's dedication to improving women's health by participating in rigorous quality assurance programs. In order to receive the ACR's Breast Imaging Center of Excellence designation, a center must be fully accredited in:

- Mammography by the ACR (or an FDA-approved state accrediting body),
- Stereotactic breast biopsy by the ACR
- Breast ultrasound by the ACR (including the ultrasound-guided breast biopsy module).

"We are very proud to receive this distinction and recognize it is the caring dedication of our United Imaging Center staff that makes it possible to be honored," said Matt E. Hartzler, Vice President of Strategic Planning and Physician Services.

About United Imaging Center
